### **SELECTED DESIGN TEAM PROJECTS**

**Flamingo Arroyo Trail Project** 2004- ongoing Las Vegas, Nevada. Design Team Artist in collaboration with Buster Simpson, Barbara Grygutis and J.W. Zunino Landscape architects. This project involves the design of artwork integrated into various public amenities along a 12 mile trail adjacent to the Flamingo Arroyo. The project was commissioned through the Clark County Public Works Dept.

**Tempe Canal Multi Use Path Project.** 2003-2008 Design Team Artist in collaboration with e-Group landscape architects. This project involves the design of artwork integrated into public amenities and signage along a 1 mile long canal bank pathway, located between University Dr. And Price Rd. in Tempe, AZ. The Artist was hired by the City of Tempe as a design consultant.

**Fifth Street Pedestrian Improvements and Traffic Calming Project** 1996-2001 Design Team Artist in collaboration with A. Dye Design Landscape Architects. This project involved designing art elements to be integrated into intersections, crosswalks, sidewalks and light pole banners that work to develop a strong sense of neighborhood identity. The Riverside/Sunset community project is located at Fifth Street in Tempe, AZ and runs from Priest Drive to Farmer Avenue. The Artist was hired by the City of Tempe as a design consultant.

**Tributary Wall** 1999. Design Team Artist in collaboration with Design Workshop Inc., Goldwater Boulevard West Couplet, Scottsdale, AZ. This buffer wall project is of a site specific nature and is conceptually inspired by the wall's close proximity to the canal. Seven steel fish of various sizes ranging from 18' to 9' long are anchored to the wave like wall. Natural sunlight filters through the glass block and perforated scale pattern highlighting each fish as the sun sets. The project was commissioned through the Scottsdale Public Art Program. The project received *the Valley Forward Association Crescordia Award for Environmental Excellence.*

**Tovrea Castle Renovation Project** 1998-present. Design Team Artist in collaboration with E-Group Landscape Architects. As a member of the design team, the Artist was responsible for creating drawings and maquettes to be included as a part of a Conceptual Master Plan for the renovation of Tovrea Castle and the

surrounding cactus gardens. The Artist created designs for entryway features, kiosks, pavilions and an interpretive theme wall and trail system. The project was funded through the City of Phoenix.

**Sound Barrier Wall, Treeguard and Treegrate** 1995. Design Team Artist in collaboration with E- Group Landscape architecture. The artist designed artwork integrated into a soundbarrier wall, treeguards and treegrates inspired by the surrounding desert landscape. Goldwater Boulevard West Couplet, Scottsdale, AZ. The project was commissioned through the Scottsdale Public Art Program. The project received the *Valley Forward Association Award of Merit for Environmental Excellence*.

**Hummingbird Sanctuary Park** 1995. Approx. 150'1.x 30'w. Design Team Artist in collaboration with C.F. Shuler Landscape Architecture. and Greiner Engineering. Concrete, steel, rebar, river rock, trumpet vines. Civic Center Boulevard, East Couplet, City of Scottsdale, AZ. Five Trumpet Vine Column sculptures are placed within the plaza area. Trumpet vines attached to each column attract hummingbirds to the site. The park plaza was designed as a shady respite for residents of the adjacent neighborhood and nursing home and as a place to enjoy nature and bird watching. The project was commissioned through the Scottsdale Public Art Program. The project received the *Valley Forward Association Crescordia Award for Environmental Excellence*.
